

BASAWA TECHNOLOGY PRODUCTS

SL no.	Model No.		Products
1.	Argox 8110 CCD touch bar code scanner Scanning Distance 0 - 2 inches Scan Speed : 50 Scans/ Sec Scan Width : 80 mm Resolution : 5 mils on contact		
2.	Argox 8000 Hand Held Medium Distance Scanner. Scan Distance : up to 5" Scan speed : 100 Scans/Sec Scan Width : 95 mm Resolution : 4mils		
3.	Argox 8250 Long Range CCD 1D and 2D Scanner, Scan Distance : up to 8" Scan Speed : 200 scans/ Sec Scan Width : 120 mm Resolution : 4 mils OPTIONAL STAND EXTRA		
4.	Unitech MS – 300 Hand Held Long Range CCD Scanner Scan Distance : Up to 12 inches Scan Speed : 45 Scans/ Sec Scan Width : 180 mm Resolution : 4 mils		
5.	Unitech HT- 630 Portable Data Terminal. A rugged mobile data collector RAM - 512KB to 4.5 MB SRAM Keyboard – 26 alphanumeric keys with one laser trigger switch Display - 100x 65 graphic LED backlit LCD support 8x16 or 4x12 text mode.		
6.	Symbol LS- 2208 – AP Hand Held Long Distance Laser Scanner. Scanning Distance : 0" - 7 to 8" Scanning Speed : 100 Scans/ Sec Scan Width : 64mm- 249 mm Resolution : 5 mils		

7.	Metrologic 5145 Laser barcode Scanner Scan distance : 0'' - 5.5 '' Scan Speed : 72 Scans/ Scan Scan width : 120 mm Resolution : 4mils		
9.	Metrologic Voyager 9520 Laser Scanner With adjustable stand and auto trigger Scan distance: 0 – 8'' Scan Width : 64mm – 249 mm Scan Speed : 72 scans per sec Resolution : 5mils		
10.	Metrologic MS - 9535 Single Line Wireless Bluetooth Barcode laser Scanner Scan range of 10 meters Scan speed : 72 scan per sec Scan width : 64mm – 320 mm Scan distance : 0'' to 12'' Resolution : 5mils		
11.	Metrologic MS- 9524 Laser Scanner Scan distance : 0 – 12'' Scan width : 64mm – 320 mm Scan Speed : 180 scans per sec Decodes 1D and 2D both Resolution : 5 mils		
12.	Metrologic MS 1690 Focus hand held area imager. This omni directional barcode scanner decodes virtually all the today's standard barcodes including 1D, RSS, PDF417, microPDF, EAN/ UCC composite, Matrix and Postal codes regardless of orientation.		
13.	Metologic MS 7120 laser 20 lines omni directional barcode scanner Scan distance : 0 – 8 inches Scan width : 64mm – 249 mm Scan Speed : 1200 scans per sec Resolution : 5mils		

14.	Metrologic MS 3580 Quantum 20 lines Omni directional barcode scanner Scanning distance : 0 – 10 ‘ Scan width : 30mm – 280 mm Scan Speed : 1650 scans per sec Resolution : 5mils		
15.	Metrologic MS 7320 Investa 20 lines Omni Directional barcode laser scanner Scanning Distance : 0’’ – 10 ‘ Scan Width : 64mm – 250 mm Scan Speed : 2000 Scan per sec Resolution : 5mils		
16.	Metrologic MS 7625 Table Top 20 lines Omni Directional laser scanner Scanning Distance : 0 – 8 ‘ Scan Width : 64mm – 249 mm Scan Speed : 72 Scans per sec Resolution : 5mils		
17.	CM – 1000, Blue Tooth Wireless Scanner Allow connection with BT mobile and PDA. Communicating area is up to 100m. Up to 3 readers communicate with same USB dongle.		
18.	Clever TTP- 243E Plus Thermal Transfer Bar Code Printer 203 dpi, 3 ips, and print width of 4.1’’. Interfaces RS232 and Parallel port etc.		
19.	Argox OS-214TT thermal transfer printer. Moderate volume printing applications, innovative True Speed technology, small footprint , light weight		
20.	TSC TTP- 244 Plus Thermal transfer barcode Printer with 203 dpi, 4ips and print width of 4.1’’. Interfaces RS 232, Parallel and USB		

21.	<p>TSC TTP 245 Thermal Barcode Printer with 203 dpi, print width of 4.25” and Selectable Print Speed up to 5ips. Interface RS 232, Parallel and USB port. Memory : 2MB flash memory and 2MB DRAM</p>		
22.	<p>TSC TTP 343 Thermal Barcode Printer 300 dpi, Selectable Print Speed up to 3ips and print width of 4.1”. Interface RS 232, Parallel and USB. Memory : 2MB flash memory and 2MB DRAM</p>		
23.	<p>TSC TTP – 344 M Thermal barcode printer Selectable Print Speed of up to 4 ‘’ / sec. Resolution 300 dpi (8 dots per mm)</p>		
24.	<p>Zebra TLP 2844 Desktop Thermal Barcode Printer with print width of 4” Resolution 203 dots per inch, interface: RS232, Parallel, USB. Can accommodate ribbons 110mm x 74 meters</p>		
25.	<p>Tysso PRP – 080 Direct Thermal POS Receipt Printer, Maximum label width is 79.5 mm, Print Speed 220mm per sec, Print Density 576 dots/ line, Print Head Life 100KM, Optional serial or parallel port, Cash drawer connection port, ESC/ POS print commands set.</p>		
26.	<p>Basawa Bar Code Printing Software A window based programme which can import various database file formats. Print all types of barcodes on labels Full WYSIWYG. Support any laser, dot matrix, ink jet or thermal printer. Import any ODBC, Microsoft Access, FoxPro, Paradox, dBase etc. Import BMP,TIF,WWF,PCX, JPG, CMP, PCD, FPX, PSD, PNG, TGA, TGA, EPS, RAS, WPG and PCT images.</p>		

27.	Ribbons Wax, Wax Resin, Wax Resin Premium, Resin, Wash Care etc. Colored Red and Green etc. Brand: Fuji Copian and Ricoh etc.		
28.	Labels of Qualities Chromo, Avery Chromo, TT1C Replatech, Avery TT2C, VOID labels, Destructive, Double Release and Over laminated etc.		

Terms and Conditions

- 1) VAT or CST extra to be charged on the above prices
- 2) Insurance and Freight will be **charged extra at actual** to your account.
- 3) The machines in stock can be installed immediately against **full payment cleared before delivery.**
- 4) Payment 100% advance. For machines that are not in stock, **an advance payment of 30% may be required at the time of placement of order**, with the balance on delivery.
- 5) The normal delivery time for out of **stock machines is 2-4 weeks.**
- 6) The warranty on scanners/printers/portables **is one year.** The print head of the printer and cable of the scanner being a consumable item carries a **3 months warranty against manufacturing defects only. Scratches on print head are not covered under warranty.**
- 7) The portable terminal needs to be programmed as per customer needs. **Do cross check with us for further details in this respect.**
- 8) Also we have a professional expertise to integrate our Basawa Bar Code Labeler software package with much industry standard hardware range (primarily printers) and also with the existing ERP package of the prospective customer. **The professional charges can be discussed on case-to-case basis.**
- 9) Basawa Technologies is an **authorized sales and service center in India for products listed here.**
- 10) This is an indicative maximum retail price list. The price list is subject to change without notice due to principles policies/ dollar fluctuations
